

Strongbox for Sage Intacct Data Migrations

Quickly Convert New Clients from QBO to Sage Intacct

Why Strongbox?

Fast Migrations

Reduce data extraction + template building time to seconds

Easy Upload

Extract data from QBO directly into formatted upload templates

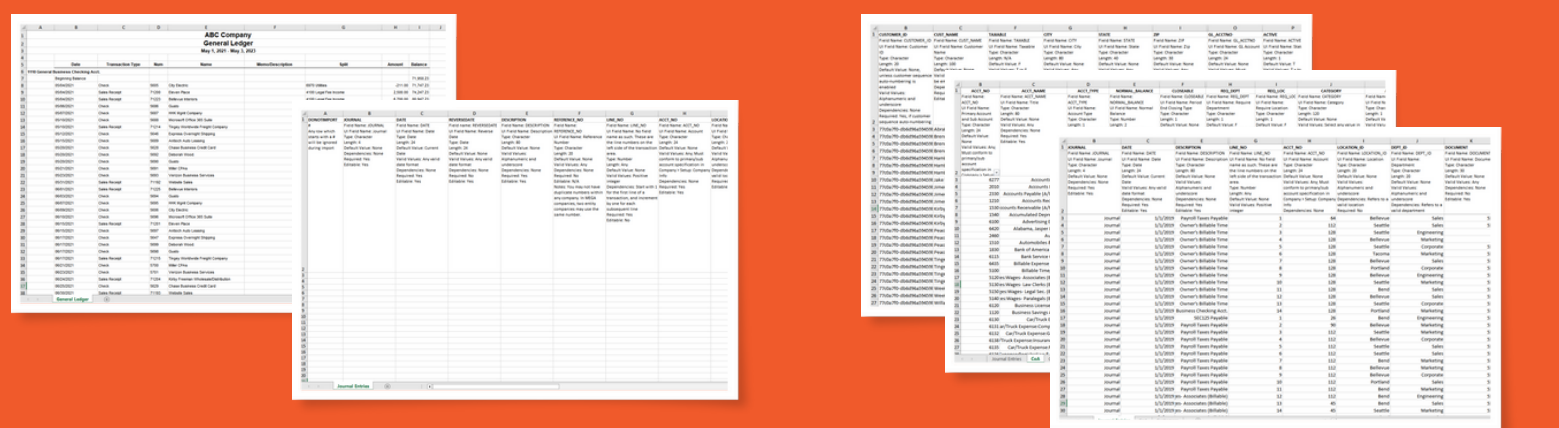

Reduce Errors

Eliminate human error caused by manual entry of data

Specialization

Built by accounting professionals for accountants

Easily go from unformatted reports out of QBO ... to pre-populated Sage Intacct templates in seconds!

Strongbox Advantages

Instant Access to Data

An easy-to-execute connection to QBO delivers data in seconds

Pre-Formatted Data

GL-level detail from QBO delivered in Sage Intacct templates

Secure & Private

Bank-level encryption and SOC 2 Compliant technology

Results

"Strongbox will enhance our team's ability to standardize across industries and use our controllers at a higher level.

The ability to extract data from systems unlocks potential for standardization that will help our firm grow rapidly."

Dixie McCurley, Partner
